

SINGLE NEEDLE OVEREDGING MACHINE FOR ABUTTED JOINING OF FABRICS FOR DYEING AND FINISHING

39500QPZ3110

Single needle single thread overedging machine, cam adjusted, plain feed, for abutted joining of fabrics for dyeing and finishing. Edge trimmer.

Max. Speed: 5000 stitches / min. (depending on sewing operation)
Seam Width: 9.5 mm
Stitch Range: 2.1 – 5 mm
Seam Specification: 501 SSa-1 / FSf-1

501 SSa-1

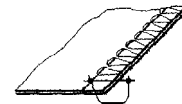

39500QPZ3110C

Same as 39500QPZ3110, but all unpainted parts chromium plated for protection against rust.

39500QPZ3110A

Same as 39500QPZ3110, but two thread overedging machine.

Seam Specification: 503 SSa-1 / FSf-1

503 SSa-1

39500QPZ3110AC

Same as 39500QPZ3110, but two thread overedging machine and all unpainted parts chromium plated for protection against rust.

Seam Specification: 503 SSa-1 / FSf-1

Optional:

90709FCL, movable stand with compressed air motor for safe use in wet locations.

90709FCV, same movable stand, except with a three phase AC motor for 24/42 V, 50/60 Hz protective low voltage.
